*Commemorative

Tree Program*

Our Commemorative and Memorial Tree Program serves to fund additional specimen trees and shrubs for the campus arboretum. The goal is to further enhance the collection of trees currently featuring over 40 varieties that already exist on campus.

#### PLEASE NOTE:

- The variety of tree and location will be selected in consultation with the district and in conformance with the district's landscaping program.
- If the donor is interested in a dedication ceremony, the district will work with you to coordinate the event.
- The district does not spread ashes on campus.
