# INTER-OFFICE MEMORANDUM OFFICE OF THE TREASURER 

To Kenston Board of Education<br>From: Paul J. Pestello, Treasurer<br>Re: Spending Plan Overview - June 2022<br>Date:<br>July 12, 2022

## REVENUE:

## Real Estate Taxes:

The spending plan did not reflect an estimate this month, nor did we receive any revenue.
Through June, the spending plan reflected an estimate of $\$ 30,816,344$ and actual real estate taxes received was $\$ 31,046,933$, which is a positive difference of $\$ 232,587$ or about $8 / 10$ ths of $1 \%$ [these numbers do not include the amount of $\$ 1,998$ received in September from public housing properties].

## Tuition Fees:

The spending plan reflected an estimate this month of $\$ 39,200$ and actual revenue received was $\$ 194,698$, which is a positive difference of $\$ 155,498$. The primary reason for the positive difference has to do with timing. This month we received the MRDD pass through funding, which was expected in May. The spending plan reflected an estimate of $\$ 205,000$; however, we only received $\$ 181,278$. Additionally, open enrollment this month had a negative difference of $\$ 17,500$, which has been explained since January.

Through June, the spending plan reflected an estimate of $\$ 1,088,000$ and actual revenue received was $\$ 902,863$, which is a negative difference of $\$ 185,137$. The primary reason for the negative difference is a result of the negative difference of $\$ 210,000$ in open enrollment tuition, which is no longer provided as a separate revenue source paid via State Foundation. Instead, the amount of open enrollment tuition is now included in the base cost allocation provided via State Foundation.

It is important to keep in mind that the negative difference in open enrollment tuition is not a true revenue loss. Rather it is a shift in where the funds are now being recognized. These funds will no longer be recognized in the tuition revenue source, but will be recognized in the base cost included within the State Foundation revenue source.

## Earnings on Investments:

The spending plan reflected an estimate this month of $\$ 4,020$ and actual revenue was $\$ 12,441$, which is a positive difference of $\$ 8,421$. The primary reason for the positive difference is a result of a significant increase in the earnings rate at Star Ohio and First National Bank.

Through June, the spending plan reflected an estimate of $\$ 130,000$ and actual revenue was $\$ 157,322$, which is a positive difference of $\$ 27,322$. The majority of this positive difference $(\$ 17,820)$ is at Star Ohio. The earnings rate at Star Ohio has risen a full $1 \%$ since January. The Star Ohio earnings rate was .10\% in January, .41\% in April, .79\% in May and now 1.10\% in June.

## Classroom Fees:

The spending plan did not reflect an estimate this month, but actual revenue was $\$ 302$.
Through June, the spending plan reflected an estimate of $\$ 81,000$ and actual revenue received was $\$ 70,651$, which is a negative difference of $\$ 10,349$. The primary reason for the negative difference is in chromebook insurance fees, which has a negative difference of $\$ 9,062$ [ $\$ 5,500$ of the negative difference has been explained in previous month's reports. Another reason for the negative difference is at KHS. The estimate for KHS for the year was $\$ 18,000$ and payments through June total $\$ 14,090$ ].

## Miscellaneous

The spending plan reflected an estimate this month of $\$ 265$ and actual revenue received was $\$ 4,409$, which is a positive difference of $\$ 4,144$.

Through June, the spending plan reflected an estimate of $\$ 45,000$ and actual revenue received was $\$ 88,454$, which is a positive difference of $\$ 43,454$. Rebates has a positive difference of $\$ 24,977$, miscellaneous revenue has a positive difference of $\$ 7,807$ and convenience fees have a positive difference of $\$ 4,313$.

## State Foundation:

The spending plan reflected an estimate this month of $\$ 257,500$ and actual revenue received was $\$ 214,121$, which is a negative difference of $\$ 43,379$. Below is the State Foundation data for June:

|  | Estimate |  | Actual | Difference |
| :--- | :--- | :--- | :--- | :--- |
|  | $\$ 243,333$ | $\$ 157,658$ | $\underline{(\$ 85,675)}$ |  |
| Basic Cost | $\$ 0$ | $\$ 61,823$ | $\$ 61,823$ |  |
| Transportation | $\$ 0$ |  | $(\$ 19,401)$ | $(\$ 19,401)$ |
| Special Education | $\$ 0$ | $\$ 24,116$ | $\$ 24,116$ |  |
| Temp. Transitional Aid | $\$ 8,333$ | $\$ 10,719$ | $\$ 2,386$ |  |
| Special Ed. Preschool | $\$ 5,834$ | $\$ 16,667$ | $\$ 10,833$ |  |
| Special Ed. Transportation | $\$ 0$ | $(\$ 2,437)$ | $(\$ 2,437)$ |  |
| Prior Yr. Adjustment | $\$ 0$ | $(\$ 35,024)$ | $(\$ 35,024$ |  |
| Targeted Assistance | $\$ 257,500$ | $\$ 214,121$ | $(\$ 43,379)$ |  |

As mentioned beginning with the January 2022 report, this revenue source has been completely overhauled as a result of the new budget bill and the new funding components.

Through June, the spending plan reflected an estimate of $\$ 3,200,000$ and actual revenue received was $\$ 3,630,354$, which is a positive difference of $\$ 430,354$.

## Homestead and Rollback Reimbursement

The spending plan did not reflect an estimate this month and no actual revenue was received.

Through June, the spending plan reflected an estimate of $\$ 3,333,656$ and actual revenue received was $\$ 3,336,592$, which is a positive difference of $\$ 2,936$.

## Other State Sources:

The spending plan reflected an estimate this month of $\$ 85,332$ and actual revenue received was $\$ 376,207$, which is a positive difference of $\$ 290,875$. Below is the Other State Sources data for June:

|  | Estimate | Actual | Difference |
| :---: | :---: | :---: | :---: |
| Casino Tax | \$ - | \$ | \$ |
| Motor Fuel Tax Reimb. | \$ | \$ | \$ |
| Disadvantage Pupils * | \$265 | $(\$ 12,809)$ | $(\$ 13,074)$ |
| Career Tech * | \$ 67 | $(\$ 2,303)$ | $(\$ 2,370)$ |
| Gifted Students * | \$ | \$9,207 | \$9,207 |
| English Learners * | \$ | $(\$ 1,138)$ | $(\$ 1,138)$ |
| Student Wellness * | \$ | \$7,830 | \$7,830 |
| SPED Catastrophic Reimb. | \$85,000 | \$375,420 | \$290,420 |
| Total | \$85,332 | \$745 | \$290,875 |

As mentioned beginning with the January 2022 report, this revenue source has been completely revised based on the new budget bill and the new funding components.

Through June, the spending plan reflected an estimate of $\$ 229,000$ and actual revenue received was $\$ 782,832$, which is a positive difference of $\$ 553,832$. One primary reason for the positive difference is a result of the additional revenue items [noted with an *] paid through State Foundation as shown below and the fact that we received $\$ 290,420$ more in SPED Catastrophic reimbursement than originally anticipated.

|  | Estimate | Actual | Difference |
| :---: | :---: | :---: | :---: |
| Casino Tax | \$135,000 | \$163,138 | \$ 28,138 |
| Motor Fuel Tax Reimb. | \$ 5,335 | \$ 13,041 | \$ 7,706 |
| Disadvantage Pupils * | \$ 2,850 | \$ 2,852 | \$ 2 |
| Career Tech * | \$ 815 | \$ 350 | (\$ 465) |
| Gifted Students * | \$ | \$112,235 | \$112,235 |
| English Learners * | \$ | \$ 416 | \$ 416 |
| Student Wellness * | \$ | \$115,380 | \$115,380 |
| SPED Catastrophic Reimb. | \$ 85,000 | \$375,420 | \$290,420 |
| Total | \$229,000 | \$782,832 | \$553,832 |

## Federal Sources:

The spending plan reflected an estimate this month of $\$ 1,300$ and actual revenue received was $\$ 4,167$, which is a positive difference of $\$ 2,867$.

Through June, the spending plan reflected an estimate of $\$ 40,000$ and actual revenue received was $\$ 72,533$, which is a positive difference of $\$ 32,553$. The yearly Medicaid reimbursement was almost $\$ 17,300$ more than anticipated and the Medicaid settlement was $\$ 15,296$ more than the estimate.

## Non-Operational Sources:

The spending plan did not reflect an estimate this month, but we actual revenue was $\$ 19,073$. This month we received $\$ 9,250$ in sale of assets and $\$ 9,833$ in insurance proceeds.

Through June, the spending plan reflected an estimate of $\$ 594,000$ and actual revenue received was $\$ 687,033$, which is a positive difference of $\$ 93,033$. The main reason for the positive difference is a result of the $\$ 51,640$ refund received from Mayfield Schools and the nearly $\$ 35,000$ received in insurance proceeds.

## EXPENDITURES:

## Salaries:

The spending plan reflected an estimate this month of $\$ 2,226,750$ and actual salaries were $\$ 2,218,472$, which is a positive difference of $\$ 8,278$. Certified salaries (111-139) were $\$ 23,489$ over plan and classified salaries (141-172) were $\$ 31,767$ under plan.

The negative difference of $\$ 23,489$ in certified salaries is primarily a result of the negative difference of $\$ 24,693$ in substitutes (112).

The positive difference of $\$ 31,767$ in classified salaries is mainly due to the positive difference of $\$ 25,857$ in supplemental contracts (143).

Through June, the spending plan reflected an estimate of $\$ 23,785,000$ and actual salary expenditures were $\$ 23,827,620$, which is a negative difference of $\$ 42,620$. Certified salaries (111-139) were $\$ 61,339$ over plan and classified salaries (141-172) were $\$ 18,719$ under plan.

The negative difference of $\$ 61,339$ in certified salaries is a result of the two (2) large negative differences in substitutes (112) and supplemental contracts (113) of $\$ 108,120$ and $\$ 81,430$ respectively. A negative difference occurred in substitutes (112) in every month since October 2021. A negative difference occurred in supplemental contracts (113) in every month since November 2021 with the exception of April 2022. Fortunately, a large portion of the combined negative difference of these two (2) was negated by the positive difference in regular salaries (111) of nearly $\$ 121,000$.

The positive difference of $\$ 18,719$ in classified salaries is mainly a result of the positive difference of $\$ 12,440$ in overtime (144). Although there were negative differences in substitutes (142), other salaries (149) and severance pay (162), the positive differences in regular salaries (141) and supplemental contracts (143) were large enough to negated the negative differences.

It should be noted that due to an issue related to the payroll software, we were not able to recode salary expenditures to the appropriate leave accounts (sick leave, personal leave, vacation leave, etc.) for the period of January to June. Therefore, it was decided to reverse the posting done in December which accounted for certain leaves from July to December in an effort to keep uniformity.

## Benefits:

The spending plan reflected an estimate this month of $\$ 893,046$ and actual benefit expenditures were $\$ 794,983$, which is a positive difference of $\$ 98,063$. Certified benefits (210-213, 239, 241-249, 261 and 281) were $\$ 76,609$ under plan and classified benefits (220-223, 239, 251-259, $262 \& 282$ ) were $\$ 21,454$ under plan as well.

The primary reason for the positive difference of $\$ 76,609$ in certified benefits is the positive difference of $\$ 60,034$ in STRS (210) and the positive difference of $\$ 13,237$ in insurances (241-244). With respect to the positive difference in STRS, the retirement system reduced the monthly deduction withheld from the State Foundation monthly settlement from $\$ 227,710$ to $\$ 173,200$ because the retirement system believes that our account would be overfunded by nearly $\$ 300,000$ if the monthly amount were to remain at $\$ 227,710$. Therefore, the actual deduction amount in February through June was approximately $\$ 55,000$ less than the spending plan estimate.

With respect to the positive difference of $\$ 13,237$ in insurances, a positive difference of $\$ 15,762$ is related to the teachers, a negative difference of $\$ 2,528$ is related to tutors and
a positive difference of $\$ 3$ is related to the administrators. The differences in teachers and tutors is primarily a result of a formula error in the spreadsheet which calculates monthly estimates. The formula error reflects an overestimation of insurance premiums for teachers and an underestimation of insurance premiums for tutors.

The primary reason for the positive difference in classified benefits of $\$ 21,454$ is the positive difference of $\$ 3,934$ in SERS (220) and the positive difference of $\$ 14,130$ in insurances (251-254). The positive difference in SERS is a result of an overestimation of retirement and remained consistent each month of the fiscal year. The positive difference in insurances is due to staffing changes [new hires, resignations and retirement - after the estimates had been established] during the year and the insurance plan chosen [none, single or family].

Through June, the spending plan reflected an estimate of $\$ 10,715,000$ and actual benefit expenditures were $\$ 10,069,916$, which is a positive difference of $\$ 645,084$. Certified benefits (210-213, 239, 241-249, 261 and 281) were $\$ 446,728$ under plan and classified benefits (220-223, 239, 251-259, $262 \& 282$ ) were $\$ 198,356$ under plan as well.

Of the $\$ 645,084$ positive difference, $\$ 254,459$ or about $39 \%$ of it is in insurances (241-244 \& $251-254$ ), $\$ 284,973$ or about $44 \%$ is in STRS (210) and $\$ 60,998$ or about $9 \%$ is in SERS (220).

## Contracted Services:

The spending plan reflected an estimate this month of $\$ 388,691$ and actual expenditures were $\$ 480,411$, which is a negative difference of $\$ 91,720$. As is typically the case, there were many insignificant positive and negative differences throughout this expenditure category. However, there were two (2) line accounts which had a difference of $\$ 25,000$ or more as a result of timing and they are as follows:

| Health Services (413) | $(\$ 51,291)$ |
| :--- | :--- |
| Tuitions $(471)$ | $\underline{(\$ 54,542)}$ |
| Total | $(\$ 105,833)$ |

Through June, the spending plan reflected an estimate of $\$ 4,532,991$ and actual expenditures were $\$ 4,308,532$, which is a positive difference of $\$ 224,459$. As is typically the case, there were many insignificant positive and negative differences throughout this expenditure category. However, there were three (3) line accounts which had a difference of $\$ 50,000$ or more and they are as follows:

| Other Prof. Services (419) | $(\$ 94,316)$ |
| :---: | :---: |
| Open Enrollment (477) | $\$ 79,998$ |
| Purchased Transp. (483) | $\$ 57,497$ |
| Total | $\$ 43,179$ |

Of the 36 budget line accounts within this category, only six (6) finished the year with a negative difference and these six (6) combined were $\$ 162,510$ over plan. Which means the other thirty (30) line accounts combined were $\$ 386,969$ under plan.

## Materials/Supplies:

The spending plan reflected an estimate this month of $\$ 132,750$ and actual expenditures were $\$ 109,922$, which is a positive difference of $\$ 22,828$. Like contracted services, there were many insignificant positive and negative differences throughout this expenditure category. However, there was only one (1) line account which had a difference of $\$ 15,000$ or more and that account was other supplies (519) and had a positive difference of \$53,936.

Through June, the spending plan reflected an estimate of $\$ 1,098,879$ and actual expenditures were $\$ 1,094,655$, which is a positive difference of $\$ 4,224$. Like contracted services, there were many insignificant positive and negative differences throughout this expenditure category. However, there were four (4) line accounts which had a difference of $\$ 30,000$ or more and they are as follows:

| Other Supplies (519) | $\$ 47,473$ |
| :--- | :---: |
| New Textbooks (521) | $\$ 34,565$ |
| Custodial/Maint. Supplies (572) | $(\$ 76,025)$ |
| Bus Fuel (582) | $\underline{(\$ 69,980)}$ |
| Total | $(\$ 63,967)$ |

## Equipment:

The spending plan did not reflect an estimate, but actual expenditures were $\$ 8,697$.
Through June, the spending plan reflected an estimate of $\$ 198,200$ and actual expenditures were $\$ 65,602$, which is a positive difference of $\$ 132,598$. This positive difference is a result of approximately $\$ 152,000$ in technology purchases which did not occur this fiscal year, but will be included in the budget for next year.

## Dues/Fees/Other:

The spending plan reflected an estimate this month of $\$ 9,300$ and actual expenditures were $\$ 6,095$, which is a positive difference of $\$ 3,205$. Like contract services and materials/supplies, there were many insignificant positive and negative differences throughout this expenditure category. However, this month there was only one (1) line account with a difference of $\$ 3,000$ or more and that was awards/prizes (889), which had a positive difference of $\$ 3,659$.

Through June, the spending plan reflected an estimate of $\$ 749,930$ and actual expenditures were $\$ 742,748$, which is a positive difference of $\$ 7,182$. Like contract services and materials/supplies, there were many insignificant positive and negative differences throughout this expenditure category. However, there were two (2) line accounts with a difference of $\$ 10,000$ or more and they are as follows:

Property tax collection fees (845)
Awards/Prizes (889)
Total
\$12,475
$(\$ 6,778)$

## Other Non-Operating

The spending plan reflected an estimate this month of $\$ 460,000$ and actual expenditures were $\$ 1,025,040$, which is a negative difference of $\$ 565,040$. The spending plan reflected estimated transfers of $\$ 340,000$ and actual transfers were $\$ 382,000$ (A $\$ 50,000$ transfer was made to the Reserve for Contingency Fund, which was not anticipated when the budget was created).

The spending plan reflected estimated advances of $\$ 120,000$ and actual advances were $\$ 643,040$ (Advances of just under $\$ 500,000$ needed to be made to three (3) different ESSER Funds, which was not anticipated when the budget was created).

## Ending Cash Balance:

The ending cash balance for June was estimated to be $\$ 8,034,588$ and the actual ending cash balance was $\$ 9,656,205$, which is a positive difference of $\$ 1,621,617$. Revenue for the month was $\$ 437,801$ over plan and expenditures were $\$ 533,083$ over plan.

Through June, revenue was $\$ 1,220,730$ or about $3.1 \%$ over plan and expenditures were $\$ 400,887$ or just under $1 \%$ under plan. With respect to revenue, the main reason for the positive difference is a result of just over $\$ 430,000$ of additional State Foundation funding as a result of the new budget bill [ $\$ 210,000$ of this is from open enrollment] and nearly $\$ 520,000$ more in other State revenue via State Foundation funding and SPED Catastrophic Reimbursement.

Soon I will be preparing the fourth quarter financial evaluation which will provide a detailed explanation of fourth quarter transactions and will articulate the impact of what transpired in FY 2022 will have in FY 2023 and beyond.
