

4-5th Grade Summer Reading - 2024

Requirements: Incoming 4th -5th graders need to read at least **TWO** books during the summer. Students should closely read the books for deep comprehension and analysis. These can be read independently, with a family member, or along with an audio.

Book 1: Students should select ANY book that interests them.

Book 2: Choose one book from the list below. This does not include graphic novel versions. Please pick a book you haven't read before.

- Wonder by R.J. Palacio
- Wild Robot Escapes by Peter Brown
- The War that Saved My Life by Kimberly Brubaker Bradley
- Any book from the *I Survived Series*
- Any book from the Hank Zipzer series
- Any book by Judy Blume
- Any book from the Jake Maddox Sports series
- Any book by Andrew Clements
- Any book by Gary Paulsen
- Any book by Gordon Korman

Read, read, and read some more!

The purpose of summer reading is to have students read as much as possible. While students are only required to read two books of choice, they are highly encouraged to read well beyond that this summer! The final iReady report will also have their Lexile Level which may help in selecting books. Research shows that reading over the summer helps maintain and improve a student's level of reading skills, so please have your child read and immerse him/herself in some books of interest this summer!
